Tony Natoli is a Director of the Valuations and Forensic Accounting practice at Hall Chadwick Melbourne. He is a certified Business Valuation Specialist (CA) and a member of Chartered Accountants in Australia and New Zealand.

With over 30 years of experience as a chartered accountant, Tony is well placed in terms of experience and expertise to provide valuations of businesses, and equity interests across a diverse range of industries involving single entities or complex corporate structures.

Specialising in litigation support and valuations for dispute purposes, Tony is regularly engaged as a single expert. From time to time he is also engaged as an adversarial or shadow expert or in a consulting/ advisory role. This adversarial role may also include review of other expert reports.

No matter how complex a dispute appears to be, Tony's focus is to identify the key issues (at the heart of the dispute) and adopt an approach, which is comprehensive where it needs to be.
